

## RoHS – conformity (RoHS 2015/863/EU)

Dear valued Customer,

none of the following substances are used intentionally nor are they added to our raw materials. The amount of these substances is, according to our suppliers, below the following limit:

### 0,1 % weight of:

- |                                      |                                  |
|--------------------------------------|----------------------------------|
| - Blei                               | (lead)                           |
| - Quecksilber                        | (mercury)                        |
| - sechswertigem Chrom                | (hexavalent chromium)            |
| - polybromierte Biphenyle (PBB)      | (polybrominated biphenyls)       |
| - polybromierte Diphenylether (PBDE) | (polybrominated diphenyl ethers) |
| - Bis(2-ethylhexyl) phthaltat (DEHP) | (Bis(2-Ethylhexyl) phthalate)    |
| - Butylbenzylphthalat (BBP)          | (Benzyl butyl phtalate)          |
| - Dibutylphthalat (DBP)              | (Dibutyl phthalate)              |
| - Diisobutylphthalat (DIBP)          | (Diisobutyl phthalate)           |

### 0,01 % weight of:

- |           |           |
|-----------|-----------|
| - Cadmium | (cadmium) |
|-----------|-----------|

**According to the confirmations we got from our raw material suppliers, we are able to confirm you, that all of our products are matching with the RoHS-guidelines and are RoHS-conform therefore.**
